Gentlemen:

Please send me data concerning membership
of the American Numismatic Society.

Hoping to hear from you in the near future,

I remain yours,

Richard Mason

September 26th, 1919.

Mr. Richard Mason,
201 West 9th Street,
Newark, N. J.

Dear Sir:-

In response to your note of September 23rd I beg to advise that associate membership in The American Numismatic Society is open to any one interested in the collection and study of coins, medals or decorations. I enclose a brief folder which pictures our Museum and tells something of our activities. As a member you would receive our publications and be entitled to participate in the subscription for our medals, should you so desire, without any obligation on your part to do so. I am enclosing an application card which it would give me great pleasure to have you sign and return. I will then present it to our Council at their next meeting.

Trusting that you will be able to enroll yourself among our supporters, I am,

Very truly yours,

Secretary.
